(Soldier: Str as d10)

Head: steel helmet Armor +2 vs Called Shots to the head only. Face -5 bypasses helmet. Torso / arms / legs: none.

Team kit (anyone): 2× small satchel (3/6/12, 4d6 LBT), 4× ½-lb TNT (5/10/20, 2d6+1 MBT), wire cutters, 4× civilian coats & papers. Repair sets charges.

YOU

The briefed building may waste charges; improvisation is the job. Wreck what actually passes traffic, not masonry for its own sake. Works with Vasseur on boards and sets; Keene calls the noise. Fire, smash, and cut still work if Repair fails.

AT THE TABLE

Spotlight: making a head stay dead. No German – talk through the others. Rank is flavor.
